

SCHOOL DISTRICT LEGAL STATUS

The legal basis for public education in the District is vested in the will of the people as expressed in the Constitution of Massachusetts and state statutes pertaining to education.

Under the General Laws of Massachusetts,

"... Every town shall maintain... a sufficient number of schools for the instruction of all children who may legally attend a public school therein."

The public educational system of Sudbury structurally is a department of the town operated under laws pertaining to education and under regulations of the Massachusetts Board of Education. The area served by the Sudbury Public Schools is coterminous with the Town of Sudbury.

Established by law

LEGAL REFS.: Constitution of Massachusetts, Part II, Chapter V, Section II
M.G.L. 71:1

CROSS REF.: BB, School Committee Legal Status

Historical Note: Massachusetts has the oldest public school system in the nation. Dating back to 1647, the laws of the Massachusetts Bay Colony required towns to provide for a program of public education.

THE PEOPLE AND THEIR SCHOOL DISTRICT

The School Committee has the dual responsibility for implementing statutory requirements pertaining to public education and local citizens' expectations for the education of the community's youth. It also has an obligation to determine and assess citizens' desires. When citizens elect delegates to represent them in the conduct of public education, their representatives have the authority to exercise their best judgment in determining policies, making decisions, and approving procedures for carrying out the responsibility.

The School Committee therefore affirms and declares its intent to:

1. Maintain two-way communication with citizens of the community. The public will be kept informed of the progress and problems of the school system, and citizens will be urged to bring their aspirations and feelings about their public schools to the attention of this body, which they have chosen to represent them in the management of public education.
2. Establish policies and make decisions on the basis of declared educational philosophy and goals. All decisions made by this Committee will be made with priority given to the purposes set forth, most crucial of which is the optimal learning of the children enrolled in our schools.
3. Act as a truly representative body for members of the community in matters involving public education. The Committee recognizes that ultimate responsibility for public education rests with the state, but individual School Committees have been assigned specific authority through state law. The Committee will not relinquish any of this authority since it believes that decision-making control over the children's learning should be in the hands of local citizens as much as possible.

NONDISCRIMINATION

Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. This commitment to the community is affirmed by the following statements that the School Committee intends to:

1. Promote the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encourage positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Work toward a more integrated society and to enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use all appropriate communication and action techniques to air and reduce the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school system, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
6. Initiate a process of reviewing policies and practices of the school system in order to achieve to the greatest extent possible the objectives of this statement.

The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, gender identity, religion, national origin, sexual orientation, disability, pregnancy or pregnancy-related condition. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, gender identity, religion, national origin, sexual orientation, disability, pregnancy or pregnancy-related condition their complaint should be registered with the Title IX compliance officer.

NONDISCRIMINATION ON THE BASIS OF SEX

The School Committee, in accordance with Title IX of the Education Amendments of 1972, declares that the school system does not and will not discriminate on the basis of sex in the educational programs and activities of the public schools. This policy will extend not only to students with regard to educational opportunities, but also to employees with regard to employment opportunities.

The School Committee will continue to ensure fair and equitable educational and employment opportunities, without regard to sex, to all of its students and employees.

The Committee will designate an individual to act as the school system's Title IX compliance officer. All students and employees will be notified of the name and office address and telephone number of the compliance officer.

SEXUAL HARASSMENT

All persons associated with the Sudbury Public Schools including, but not necessarily limited to, the Committee, the administration, staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Any person who engages in sexual harassment while acting, as a member of the school community, will be in violation of this policy. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating in an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated.

Because the Sudbury Public Schools Committee takes allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting a workplace and school environment that is free of sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for workplace or school conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

Definition of Sexual Harassment: Unwelcome sexual advances; requests for sexual favors; or other verbal or physical conduct of a sexual nature may constitute sexual harassment where:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or educational development.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or education decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working or educational environment.

The Grievance Officer:

The committee will annually appoint a sexual harassment grievance officer who will be vested with the authority and responsibility of processing all sexual harassment complaints in accordance with the procedure set out below:

Complaint Procedure:

1. Any member of the school community who believes that they have been subjected to sexual harassment will report the incident (s) to the grievance officer. All complaints shall be investigated promptly and resolved as soon as possible.
2. The grievance officer will attempt to resolve the problem in an informal manner through the following process:
 - a. The grievance officer will confer with the charging party in order to obtain a clear understanding of that party's statement of the facts, and may interview any witnesses.

- b. The grievance officer will then attempt to meet with the charged party in order to obtain their response to the complaint.
- c. The grievance officer will hold as many meetings with the parties as is necessary to establish the facts.
- d. On the basis of the grievance officer's perception of the situation they may:
 - Attempt to resolve the matter informally through reconciliation.
 - Report the incident and transfer the record to the Superintendent or their designee, and so notify the parties by certified mail.
3. After reviewing the record made by the grievance officer, the Superintendent or may attempt to gather any more evidence necessary to decide the case, and thereafter impose any sanctions deemed appropriate, including a recommendation to the committee for termination or expulsion. At this stage of the proceedings the parties may present witnesses and other evidence, and may also be represented. The parties, to the extent permissible by law, shall be informed of the disposition of the complaint. All matters involving sexual harassment complaints will remain confidential to the extent possible. If it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the offending conduct.
4. The grievance officer, upon request, will provide the charging party with government agencies that handle sexual harassment matters.

NONDISCRIMINATION ON THE BASIS OF DISABILITY

Title II of the Americans With Disabilities Act of 1992 requires that no qualified individual with a disability shall, because the District's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, and activities of the District or be subject to discrimination. Nor shall the District exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association.

Definition: A "qualified individual with a disability" is an individual with a disability who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Modification: The District shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the District can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities.

Auxiliary Aids and Services: "Auxiliary aids and services" includes (1) qualified interpreters, note takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices and (4) other similar services and actions.

Limits of Required Modification: The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the School Committee after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Notice: The District shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provisions of Title II of the American with Disabilities Act (ADA) and its applicability to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA.

Compliance Coordinator: The District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title II of ADA, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under ADA. The District shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA. The school system receives federal financial assistance and must comply with the above requirements. Additionally, the School Committee is of the general view that:

1. Discrimination against a qualified disabled person solely on the basis of disability is unfair; and
2. To the extent possible, qualified disabled persons should be in the mainstream of life in the school community. Accordingly, employees of the school system will comply with the above requirements of the law and policy statements of this Committee to ensure nondiscrimination on the basis of disability.

BACKGROUND CHECKS

It shall be the policy of the school district that, as required by law, a state and national fingerprint criminal background check will be conducted to determine the suitability of full or part time current and prospective school employees, who may have direct and unmonitored contact with children. School employees shall include, but not be limited to any apprentice, intern, or student teacher or individuals in similar positions, who may have direct and unmonitored contact with children. The School Committee shall only obtain a fingerprint background check for current and prospective employees for whom the School Committee has direct hiring authority. In the case of an individual directly hired by a school committee, the chair of the School Committee shall review the results of the national criminal history check. The Superintendent shall also obtain a state and national fingerprint background check for any individual who regularly provides school related transportation to children. The School Committee, Superintendent or Principal, as appropriate, may obtain a state and national fingerprint criminal background check for any volunteer, subcontractor or laborer commissioned by the School Committee, school or employed by the city or town to perform work on school grounds, who may have direct and unmonitored contact with children. School volunteers and subcontractors/laborers who may have direct and unmonitored contact with children must continue to submit state CORI checks.

The fee charged by the provider to the employee and educator for national fingerprint background checks will be \$55.00 for school employees subject to licensure by DESE and \$35.00 for other employees, which fee may from time to time be adjusted by the appropriate agency. The employer shall continue to obtain periodically, but not less than every 3 years, from the department of criminal justice information services all available Criminal Offender Record Information (CORI) for any current and prospective employee or volunteer within the school district who may have direct and unmonitored contact with children.

Direct and unmonitored contact with children is defined in DESE regulations as contact with a student when no other employee who has received a suitability determination by the school or district is present. "Contact" refers to any contact with a student that provides the individual with opportunity for physical touch or personal communication.

This policy is applicable to any fingerprint-based state and national criminal history record check made for non-criminal justice purposes and requested under applicable federal authority and/or state statute authorizing such checks for licensing or employment purposes. Where such checks are allowable by law, the following practices and procedures will be followed.

Requesting CHRI (Criminal History Record Information) checks

Fingerprint-based CHRI checks will only be conducted as authorized by state and federal law, in accordance with all applicable state and federal rules and regulations. If an applicant or employee is required to submit to a fingerprint-based state and national criminal history record check, they shall be informed of this requirement and instructed on how to comply with the law. Such instruction will include information on the procedure for submitting fingerprints. In addition, the applicant or employee will be provided with all information needed to successfully register for a fingerprinting appointment.

Access to CHRI

All CHRI is subject to strict state and federal rules and regulations in addition to Massachusetts CORI laws and regulations. CHRI cannot be shared with any unauthorized entity for any purpose, including subsequent hiring determinations. All receiving entities are subject to audit by the Massachusetts

Department of Criminal Justice Information Services (DCJIS) and the FBI, and failure to comply with such rules and regulations could lead to sanctions. Federal law and regulations provide that the exchange of records and information is subject to cancellation if dissemination is made outside of the receiving entity or related entities. Furthermore, an entity can be charged criminally for the unauthorized disclosure of CHRI.

Storage of CHRI

CHRI shall only be stored for extended periods of time when needed for the integrity and/or utility of an individual's personnel file. Administrative, technical, and physical safeguards, which are in compliance with the most recent CJIS Security Policy have been implemented to ensure the security and confidentiality of CHRI. Each individual involved in the handling of CHRI is to familiarize himself/herself with these safeguards.

In addition to the above, each individual involved in the handling of CHRI will strictly adhere to the policy on the storage, retention and destruction of CHRI.

Retention and Destruction of CHRI

Federal law prohibits the repurposing or dissemination of CHRI beyond its initial requested purpose. Once an individual's CHRI is received, it will be securely retained in internal agency documents for the following purposes *only*:

- Historical reference and/or comparison with future CHRI requests,
- Dispute of the accuracy of the record
- Evidence for any subsequent proceedings based on information contained in the CHRI.

CHRI will be kept for the above purposes in a secure location in the office of the superintendent. When no longer needed, CHRI and any summary of CHRI data must be destroyed by shredding paper copies and/or by deleting all electronic copies from the electronic storage location, including any backup copies or files. The shredding of paper copies of CHRI by an outside vendor must be supervised by an employee of the district.

CHRI Training

An informed review of a criminal record requires training. Accordingly, all personnel authorized to receive and/or review CHRI at the district will review and become familiar with the educational and relevant training materials regarding SAFIS and CHRI laws and regulations made available by the appropriate agencies, including the DCJIS.

Determining Suitability

In determining an individual's suitability, the following factors will be considered: these factors may include, but not necessarily be limited to: the nature and gravity of the crime and the underlying conduct, the time that has passed since the offense, conviction and/or completion of the sentence, nature of the position held or sought, age of the individual at the time of the offense, number of offenses, any relevant evidence of rehabilitation or lack thereof and any other factors deemed relevant by the district.

A record of the suitability determination will be retained. The following information will be included in the determination:

- The name and date of birth of the employee or applicant;
- The date on which the school employer received the national criminal history check results; and,
- The suitability determination (either "suitable" or "unsuitable").

A copy of an individual's suitability determination documentation must be provided to another school employer, or to the individual, upon request of the individual for whom the school employer conducted a suitability determination.

Relying on Previous Suitability Determination.

The school employer may obtain and may rely on a favorable suitability determination from a prior employer, if the following criteria are met:

The suitability determination was made within the last seven years; and

The individual has not resided outside of Massachusetts for any period longer than three years since the suitability determination was made; and either

The individual has been employed continuously for one or more school employers or has gaps totaling no more than two years in their employment for school employers; or

If the individual works as a substitute employee, the individual is still deemed suitable for employment by the school employer who made a favorable suitability determination. Upon request of another school employer, the initial school employer shall provide documentation that the individual is still deemed suitable for employment by the initial school employer.

Adverse Decisions Based on CHRI

If inclined to make an adverse decision based on an individual's CHRI, the district will take the following steps prior to making a final adverse determination:

- Provide the individual with a copy of their CHRI used in making the adverse decision;
- Provide the individual with a copy of this CHRI Policy;
- Provide the individual the opportunity to complete or challenge the accuracy of their CHRI;
- and
- Provide the individual with information on the process for updating, changing, or correcting CHRI.

A final adverse decision based on an individual's CHRI will not be made until the individual has been afforded a reasonable time depending on the particular circumstances not to exceed thirty days to correct or complete the CHRI.

If a school employer receives criminal record information from the state or national fingerprint-based background checks that includes no disposition or is otherwise incomplete, the school employer may request that an individual, after providing him a copy of said background check, provide additional information regarding the results of the criminal background checks to assist the school employer in determining the applicant's suitability for direct and unmonitored contact with children, notwithstanding the terms of General Laws chapter 151B, S. 4,(9,9 ½). Furthermore, in exigent circumstances, a school employer may, pursuant to the terms of DESE regulations (see specific regulations in legal

references), hire an employee on a conditional basis without first receiving the results of a national criminal background check. After exhausting several preliminary steps as contained in the above referenced regulation the district may require an individual to provide information regarding the individual's history of criminal convictions; however, the individual cannot be asked to provide information about juvenile adjudications or sealed convictions. The superintendent is advised to confer with legal counsel whenever they solicit information from an individual concerning their history of criminal convictions.

Secondary Dissemination of CHRI

If an individual's CHRI is released to another authorized entity, a record of that dissemination must be made in the secondary dissemination log. The secondary dissemination log is subject to audit by the DCJIS and the FBI.

The following information will be recorded in the log:

- Subject Name;
- Subject Date of Birth;
- Date and Time of the dissemination;
- Name of the individual to whom the information was provided;
- Name of the agency for which the requestor works;
- Contact information for the requestor; and
- The specific reason for the request.

Reporting to Commissioner of Elementary and Secondary Education

Pursuant to state law and regulation, if the district dismisses, declines to renew the employment of, obtains the resignation of, or declines to hire a licensed educator or an applicant for a Massachusetts educator license because of information discovered through a state or national criminal record check, the district shall report such decision or action to the Commissioner of Elementary and Secondary Education in writing within 30 days of the employer action or educator resignation. The report shall be in a form requested by the Department and shall include the reason for the action or resignation as well as a copy of the criminal record checks results. The superintendent shall notify the employee or applicant that it has made a report pursuant to the regulations to the Commissioner.

Pursuant to state law and regulation, if the district discovers information from a state or national criminal record check about a licensed educator or an applicant for a Massachusetts educator license that implicates grounds for license action pursuant to regulations, the Superintendent shall report to the Commissioner in writing within 30 days of the discovery, regardless of whether the district retains or hires the educator as an employee. The report must include a copy of the criminal record check results. The school employer shall notify the employee or applicant that it has made a report pursuant to regulations to the Commissioner and shall also send a copy of the criminal record check results to the employee or applicant.

C.O.R.I. REQUIREMENTS

It shall be the policy of the district to obtain all available Criminal Offender Record Information (CORI) from the department of criminal justice information services of prospective employee(s) or volunteer(s) of the school department including any individual who regularly provides school related transportation to children, who may have direct and unmonitored contact with children, prior to hiring the employee(s) or to accepting any person as a volunteer. State law requires that school districts obtain CORI data for employees of taxicab companies that have contracted with the schools to provide transportation to students.

The Superintendent, Principal, or their certified designees shall periodically, but not less than every three years, obtain all available Criminal Offender Record Information from the department of criminal justice informational services on all employees, individuals who regularly provide school related transportation to children, including taxicab company employees, and volunteers who may have direct and unmonitored contact with children, during their term of employment or volunteer service.

The Superintendent, Principal, or their certified designees may also have access to Criminal Offender Record Information for any subcontractor or laborer who performs work on school grounds, and who may have direct and unmonitored contact with children, and shall notify them of this requirement and comply with the appropriate provisions of this policy.

Pursuant to a Department of Education regulation, “Direct and unmonitored contact with children’ means contact with students when no other employee, for whom the employer has made a suitability determination of the school or district, is present. “Contact” refers to any contact with a student that provides the individual with opportunity for physical touch or personal communication. The school employer may determine when there is potential for direct and unmonitored contact with children by assessing the circumstances and specific factors including but not limited to, whether the individual will be working in proximity with students, the amount of time the individual will spend on school grounds, and whether the individual will be working independently or with others. An individual shall not be considered to have the potential for direct and unmonitored contact with children if they have only the potential for incidental unsupervised contact in commonly used areas of the school grounds.”

In accordance with state law, all current and prospective employees, volunteers, and persons regularly providing school related transportation to children of the school district shall sign an acknowledgement form authorizing receipt by the district of all available CORI data from the department of criminal justice information services. In the event that a current employee has a question concerning the signing of the acknowledgement form, they may meet with the Principal or Superintendent; however, failure to sign the CORI acknowledgement form may result in a referral to local counsel for appropriate action. Completed acknowledgement forms must be kept in secure files. The School Committee, Superintendent, Principals or their designees certified to obtain information under the policy, shall prohibit the dissemination of school information for any purpose other than to further the protection of school children.

CORI is not subject to the public records law and must be kept in a secure location, separate from personnel files and may be retained for not more than three years. CORI shall be shared with the individual to whom it pertains, pursuant to law, regulation and the following model policy, and in the event of an inaccurate report the individual should contact the department of criminal justice informational services.

Access to CORI material must be restricted to those individuals certified to receive such information. In the case of prospective employees or volunteers, CORI material should be obtained only where the Superintendent had determined that the applicant is qualified and may forthwith be recommended for employment or volunteer duties.

The hiring authority, subject to applicable law and the model policy, reserves the exclusive right concerning any employment decision.

The Superintendent shall ensure that on the application for employment and/or volunteer form there shall be a statement that as a condition of the employment or volunteer service the school district is required by law to obtain Criminal Offender Record Information for any employee, individual who regularly provides transportation, or volunteer who may have direct and unmonitored contact with

children. Current employees, persons regularly providing school related transportation, and volunteers shall also be informed in writing by the Superintendent prior to the periodic obtaining of their Criminal Offender Record Information.

Records sealed pursuant to law shall not operate to disqualify a person in any examination, appointment or application for public service on behalf of the Commonwealth or any political subdivision thereof.

The Superintendent shall revise contracts with special education schools and other providers to require a signed statement that the provider has met all legal requirements of the state where it is located relative to criminal background checks for employees and others having direct and unmonitored contact with children.

NOTE: The Department of Criminal Justice Information Services (DCJIS) has adopted regulations requiring that it maintain a model CORI policy and that any written policy must meet the minimum standards as found in the model. Therefore, MASC recommends that school districts retain both the school district specific policy incorporated here and the DCJIS model policy attached as ADDA-R.

DCJIS MODEL CORI POLICY

This policy is applicable to the criminal history screening of prospective and current employees, subcontractors, volunteers and interns, and professional licensing applicants.

Where Criminal Offender Record Information (CORI) and other criminal history checks may be part of a general background check for employment, volunteer work, licensing purposes, the following practices and procedures will be followed.

CONDUCTING CORI SCREENING

CORI checks will only be conducted as authorized by the DCJIS, state law, and regulation, and only after a CORI Acknowledgement Form has been completed.

If a new CORI check is to be made on a subject within a year of their signing of the CORI Acknowledgement Form, the subject shall be given seventy two (72) hours notice that a new CORI check will be conducted.

ACCESS TO CORI

All CORI obtained from the DCJIS is confidential, and access to the information must be limited to those individuals who have a "need to know". This may include, but not be limited to, hiring managers, staff submitting the CORI requests, and staff charged with processing job applications. The district must maintain and keep a current list of each individual authorized to have access to, or view, CORI. This list must be updated every six (6) months and is subject to inspection upon request by the DCJIS at any time.

CORI TRAINING

An informed review of a criminal record requires training. Accordingly, all district personnel authorized to review or access CORI will review, and will be thoroughly familiar with, the educational and relevant training materials regarding CORI laws and regulations made available by the DCJIS.

USE OF CRIMINAL HISTORY IN BACKGROUND SCREENING

CORI used for employment purposes shall only be accessed for applicants who are otherwise qualified for the position for which they have applied.

Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on background checks will be made consistent with this policy and any applicable law or regulations.

VERIFYING A SUBJECT'S IDENTITY

If a criminal record is received from the DCJIS, the information is to be closely compared with the information on the CORI Acknowledgement Form and any other identifying information provided by the applicant to ensure the record belongs to the applicant.

If the information in the CORI record provided does not exactly match the identification information provided by the applicant, a determination is to be made by an individual authorized to make such determinations based on a comparison of the CORI record and documents provided by the applicant.

INQUIRING ABOUT CRIMINAL HISTORY

In connection with any decision regarding employment, volunteer opportunities, or professional licensing, the subject shall be provided with a copy of the criminal history record, whether obtained from the DCJIS or from any other source, prior to questioning the subject about their criminal history. The source(s) of the criminal history record is also to be disclosed to the subject.

DETERMINING SUITABILITY

If a determination is made, based on the verification of identity information as provided in this policy, that the criminal record belongs to the subject, and the subject does not dispute the record's accuracy, then the determination of suitability for the position or license will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to, the following:

- (a) Relevance of the record to the position sought;
- (b) The nature of the work to be performed;
- (c) Time since the conviction;

WELLNESS POLICY

Preamble:

The District seeks to prepare students for life-long wellness practices. Schools, along with parents and the community, play an important role in addressing obesity and diet-related health concerns for children. The Sudbury Public School District is committed to providing a school environment that promotes and protects children's health, well-being, and ability to learn by supporting healthy eating and physical activity.

School Wellness Committee:

The District will convene a representative district committee (hereto referred to as the School Wellness Committee (SWC)) that meets at least three times per year to establish goals for and oversee school health and wellness programs, including development, implementation and periodic review and update of this district-level wellness policy (heretofore referred to as "wellness policy"), in conjunction with the School Committee.

The SWC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals; school health services staff and mental health and social services staff; school administrators; school committee members and the general public. To the extent possible, the SWC will include representatives from each school building and reflect the diversity of the community.

The District will inform families and the public each year about this policy, including its content, any updates to the policy and implementation status. All school-sponsored events during the school day will adhere to the District Wellness Policy Guidelines.

Nutrition:

The District is committed to providing healthy meals to its students and to meeting the nutritional needs of students within the current USDA guidelines. The District program will support the health of students by encouraging a healthy diet, helping to mitigate childhood obesity and modeling healthy eating. Further, the District will support healthy food choices while accommodating cultural food preferences and special dietary needs to the extent possible.

The District shall participate in the USDA child nutrition programs, including the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). The District is committed to ensuring that all foods and beverages available to students during the school day are in compliance with current USDA guidelines. Breakfast and lunch menus will be posted on the District website and will include nutrition content and ingredients. Students will be allowed an adequate amount of time to eat breakfast and lunch.

The District will teach, model, encourage and support healthy eating by all students. The District will provide nutrition education and engage in nutrition promotion that is designed to provide students with the knowledge and skills necessary to promote and protect their health.

Apart from special events, typical school lunches and snacks, parents, students and staff, shall not bring food items to be shared with students during the school day.

Physical Activity:

The District will provide students with physical education, using age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. The curriculum will support the essential components of physical education. All students will be provided equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

The District recognizes the need for physical activity before, during, and after the school day for students. Schools will provide opportunities for physical activity for students during the school day, including recess and classroom physical activity breaks. Such activity will supplement the actual physical education classes offered at the schools.

During certain times of the year when outdoor weather conditions are extreme, including both hot and cold weather, the District will exercise appropriate discretion in determining whether outdoor recess or other outdoor physical activity will occur. The District will follow the "Weather Guidelines for Children" or any other resources as provided by DESE. The District will also follow guidelines contained within a student's individual care plan.

Staff will exercise their best judgment and put the best interests of the students' safety first, in determining the type of physical activity in which students participate. To the extent that any school event involves physical activity, the district will weigh the benefits of the event and the safety of the students.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active.

Except in limited circumstances, recess will not be withheld from students for disciplinary purposes.

Other Activities That Promote Student Wellness:

To the extent possible, the District will develop relationships with community partners, including local hospitals, dentists and physicians, to promote the physical wellness and nutrition of students.

Schools in the District will promote strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors.

COMMITMENT TO ACCOMPLISHMENT

The School Committee accepts ultimate responsibility for all facets of school operations. Because it is accountable to residents of the District, the School Committee will maintain a program of accountability consisting of the following elements:

- Clear statements of expectations and purpose as these relate to operations, programs, departments, and positions.
- Provisions for the staff, resources, and support necessary to achieve stated expectations and purposes, subject to financial support by residents of the District.
- Evaluation of operations and instructional and staff development programs to determine how well expectations and purposes are being met.
- Specific performance objectives to enable individuals to direct their own efforts to the goals and objectives of the District.
- Evaluation of the efforts of employees in line with stated objectives, with the first purpose of evaluation being to help each individual make a maximum contribution to the goals of the District.

Every effort will be made by the School Committee, Superintendent, and staff to fulfill the responsibilities inherent in the concept of accountability.
